Center for Archery Training

Actions taken to prevent the spread of COVID-19 TO OUR CLIENTS

Social Distancing & Face Masks

- Everyone needs to be at least 6' apart whenever possible
- Outside: If you are unable to maintain a distance of 6' or more, then a mask or cloth covering of the nose and mouth must be worn. That is the executive order.
- Look Park has requested that we wear masks whenever walking around the park (to and from the parking lot or bathrooms).
- Inside: Mouth/nose mask must be worn at all times.
- Anyone who is not part of the certification class must stay at least 20 feet away as they would be considered a "separate group".
- We recognize it is difficult to not shake hands and not greet people in the formal, polite ways we have all been taught. In our current reality, respect looks differently and it takes the form of social distancing and hygiene. No fist bumps, no high fives.

Hygiene

- Sanitize your hands upon arrival
- Do not share equipment. We will provide enough equipment for all attendees.
- Bathrooms are provided. Please sanitize your hands before and after using the bathroom.

Staffing & Operations

- Sattva keeps a log of all attendees in the event that we need to report an illness
- No shared food or drink

Cleaning & Disinfecting

- A ZipLock bag of sanitizing wipes will be provided to each course attendee. You will use these at the end of the course to sanitize your equipment.
- At the end of the class, after you sanitize your own equipment, Sattva staff will collect the equipment and store it.
- All bows, armguards, arrows, finger tabs, finger slings and stretch bands must be either disinfected or quarantined for 48 hours before being used again.

Signage

- Sattva will post signage stating social distancing practices in accordance with the executive order.
